Runshaw College, Leyland, UK

Computing: A

Music Tech: A

Music: A

Maths: B

Full stack developer with expertise in eCommerce, UI architecture, and scalable web applications. Skilled in TypeScript, React, and API integrations, with a focus on performance and maintainability. Passionate about problem-solving, clean code, and continuous learning, with experience in mentorship and workflow optimisation.

EXPERIENCE

Frontend Developer | Shopify Developer Support | 2017 - NOW

Developed and enhanced Plus and Enterprise storefronts, improving user experience and site performance.

Created new features, fixed bugs, and implemented styling updates to enhance user experience and functionality for large-scale stores.

Troubleshoot and resolved critical issues for Shopify Plus and enterprise merchants, ensuring seamless storefront operations and performance stability.

Developed Ruby scripts to enhance and streamline store checkout flows, improving the purchasing experience.

Designed and developed internal tools using Node.js, Ruby on Rails, React, TypeScript, GraphQL, Polaris, and Material UI, improving development efficiency and workflows.

Designed and led development of React-based Chrome extensions, improving internal tooling workflows and usability.

Migrated internal tools to TypeScript, improving maintainability and developer experience.

Represented the front-end development team in cross-functional planning, contributing to improving development workflows, optimising performance, and refining front-end architecture for scalability and maintainability.

Provided technical direction to developers and partners, resolving complex challenges and ensuring seamless integration within the Shopify ecosystem.

Partnered with third-party development teams to identify and resolve complex code issues and improve integrations.

Played a key role in work estimates and prioritisation, collaborating with leads to ensure projects were well-defined and aligned with strategic goals.

Actively mentored junior developers and peers, promoting a culture of continuous learning and technical growth within the team.

Database Administrator | Great Places Housing Group | 2009 - 2015

Regional Sales Exec | Wireless CCTV | 2005 - 2009
